

Redevelopment Options for Sant Dnyaneshwar Nagar, Thane Solutions based on thorough investigation and consideration of all stakeholders - Report from January 2007

Shelter Associates conducted extensive primary research in Sant Dnyaneshwar Nagar to determine the existing land use and socio-economic conditions within the slum. Afterwards, SA formulated six redevelopment options in order to promote creative solutions that encompass the interests of all involved stakeholders. The options range from no structural changes to the slum (only infrastructure improvements) to partial and complete redevelopment schemes, with focus on design details that address residents and city and business investors alike. These options were the result of a series of meetings with the residents of Dnyaneshwar, held to pinpoint their wishes. SA background research as well as its redevelopment options based in the consideration for all stakeholders ensures the viability and sustainability of such options and serves as a model for impacting public policy.
